

A+ Plus Windshield Calibration Surprise

13148 W Foxfire Dr #120, Surprise, AZ 85378
Jouf
Saudi Arabia

Phone: (623) 218-6844

When a windshield is functioning as it should, you barely even know it exists. However, when a chip or crack appears, your eyes are constantly driven to the unsightly blemish. If the imperfection blocks or obscures your vision, it then becomes a hazard that must be acknowledged and rectified. If you ignore it, you could be compromising your safety or even be subject to an expensive traffic citation.
